

CHECKPRINT Integrated Payments Bureau

*The **TALL** Group of Companies*

CHECKPRINT

Integrated Payments Bureau

The Integrated Payments Bureau provides a secure outsourcing option for your payments, which can be easily accessed on a regular basis, for contingency, disaster recovery and ad-hoc situations.

The service allows you to automate payments and collections without having to purchase and administer your own software. Saving you time and cost, with no capital investment irrespective of the type of payments to be made.

You will have the peace of mind that payments are managed by an experienced team, on time, securely and trouble free.

If you wish to make your payments in-house the **Integrated Payments Solution** is a secure software system for making cheque and electronic payments.

Please ask for further information.

You can use an individual, or any combination of the following elements of the service:

Bacs Direct Credits

Payment of funds electronically, from your account directly into the Bank or Building Society accounts of individuals or companies.

Faster Payments

Same day payments made from your account directly into the Bank or Building Society accounts of individuals or companies.

FX International Payments

Sending and receiving overseas payments in a simple, convenient and cost effective way through our partnership with American Express.

Cheques

Secure design, print and mailing of cheques on your behalf to individuals and companies in the UK and internationally.

Payment Advices

When payments are made successfully, an advice by way of e-mail, fax, text message or printed and mailed can be sent to payees if required.

Bacs Direct Debits

Collection of Direct Debits due from your payers.

AUDDIS

Submission of Direct Debit Instructions using the Automated Direct Debit Instruction Service (AUDDIS).

Forex International Payment System

Through our connection to the American Express International Payments System, we can now process your overseas expenses, payroll and international trade payments alongside your domestic payments; offering a 'one stop' solution for virtually all your payment needs. Whether you are sending just one payment every few months or several hundred a week, you will always benefit from real-time preferential foreign exchange rates.

Why use the Integrated Payments Bureau?

Proven Software

The bureau is based around the Checkprint Bacstel-IP Solution, powered by Experian Payments Gateway. Approximately 50% of all UK electronic payments are made using Experian Payments Gateway Software.

RTI Compliance

The solution is fully RTI compliant, allowing you to submit the HMRC-RTI code within appropriate Bacs payments.

Fully Bacs approved

Checkprint has passed a stringent vetting process in order to achieve Bacs Approved Bureau status. Bacs will continue to perform regular inspections to ensure that Checkprint meet the required standards.

High Security

Your data is protected throughout the entire process with secure data transfer and connection to the Bacs and Faster Payments infrastructure. In addition to this, the Group holds the ISO 27001 Information Security Management System standard.

Cheque & Electronic Payments

As the UK's leading Special Cheque and Credit Provider we manage both paper and electronic payments through the service. Fully accredited by the Cheque and Credit Clearing Company, we are the established leaders in specially printed cheques and credits.

Payments Contingency Service

All organisations must have adequate contingency. Our payments contingency service provides an effective back-up for your in-house payment systems. If you experience hardware, software or communications failure our bureau will make your cheque and electronic payments as well as your direct debit collections until your process is running again.
